EDUCATION

East West University

Bachelor of Science in Computer Science and Engineering

Dec, 2018

CGPA: 3.85/4.00

Awards & Scholarships:

Magna Cum Laude (CGPA from 3.80 to 3.89)

Merit Scholarship (GPA greater than 3.90 in one year)

Dean's List Scholarship (GPA greater than 3.75 in one year)

Medha Lalon Scholarship (GPA greater than 3.50 in one year)

Spring, Summer, Fall- 2018

Spring, Summer, Fall- 2017

Spring, Summer, Fall- 2016

Al Amin Academy School & College

Higher Secondary Certificate

Studied: Science

Apr, 2013

GPA: 5.00/5.00

Al Amin Academy School & College

Secondary School Certificate

Studied: Science

Mar, 2011

GPA: 5.00/5.00

RESEARCH INTEREST

My primary research interests include **Software Engineering, Data Science, Big Data Analytics, Machine Learning, Artificial Intelligence, Business Intelligence, Data Visualization, Data Management, Database and Information Systems, and Data Security.**

PUBLISHED PAPER

Tabassum, A. I. Nady and M. Rezwanul Huq, "Mathematical Formulation and Implementation of Query Inversion Techniques in RDBMS for Tracking Data Provenance," *2019 7th International Conference on Information and Communication Technology (ICoICT)*, Kuala Lumpur, Malaysia, 2019, pp. 1-6, doi: 10.1109/ICoICT.2019.8835290.

WORK EXPERIENCE

Southtech Group Ltd.

Senior Software Engineer

Jan, 2023- Jul, 2024

Southtech Group Ltd.

Software Engineer

Jul, 2019- Dec, 2022

Responsibilities:

- Software Development using the Java platform, with a focus on Spring MVC
- Software Release Management
- Developing Business Intelligence (BI) Tool
- Designing Financial BI Reports and Dashboards using Power BI
- Data Warehousing and Data Archival process
- ETL (Extract, Transform & Load) process development.
- Writing unit tests to meet maximum coverage using JUnit
- Maintaining Power BI Gateway to access data from on-premises networks.
- Database Performance Optimization
- Enhancement of existing solutions
- Fixing bugs, and implementing change requests of clients

Courses assigned:

- Structured Programming in C
- Electrical Circuit
- Data Structure
- Data Communication
- Signal and Systems

Responsibilities:

- Evaluating student's performance in lab classes
- Supporting the enrolled students with their coursework
- Assisting the instructor in reporting final grading
- Facilitating the instructor in the exam hall

ADDITIONAL EXPERIENCE

Fast Track Future Leader (FTFL) Training Program

Apr, 2019 - Jun, 2019

Offered by Leveraging ICT for Growth, Employment and Governance Project, ICT Ministry Bangladesh
Basic OOP, Core Java, Spring MVC, Hibernate, JPA Repository, SQL, JQuery, Ajax, Angular JS, JS, HTML, CSS

Training Courses:

- "AWS Developer Associate" from Izaan School of Engineering, USA
- "ISTQB Certified Tester Level" from eGeneration, Bangladesh
- "Complete Data Science Training: Math, Statistics, Python, Advanced Statistics in Python, Machine and Deep Learning" from Udemy

TECHNICAL STRENGTHS

Programming Languages & Framework	C, C++, JAVA, Spring MVC, Hibernate, Python, JavaScript, HTML, CSS, DAX
Database Management Systems	MS SQL, MySQL, Oracle, H2 Database, PostgreSQL
Technology	Business Intelligence, Data Visualization, Amazon Web Service
Tools	Power BI Desktop, Tableau Desktop, IntelliJ, Eclipse, Postman, MSSQL Management Studio, MySQL Workbench, Visual Studio, Weka, Tortoise SVN, WildFly, Tomcat, Enterprise Architecture, UiPath (RPA), MS Office, MS Excel, and MS PowerPoint

LANGUAGE PROFICIENCY

Language: English

IELTS: Overall (7.0) L-7.5, R-6, W-6.5, S-7

CEFR Level: C1

EXTRA-CURRICULAR

Participant: Programming Contest titled "Beginner and Intermediate Level Programming Contest, Spring 2015, arranged by the East West University Computer Club (EWUCoPC)"

Organizer: IT Event Management, East West University
